November 06, 2001

Dear Class of 2006 :

I take great pleasure in informing you of your appointment to the first-year medical class at the Tulane University School of Medicine, to enter in August of 2002. I sincerely hope that you will accept our invitation to take your medical training at Tulane and look forward to having you join us.

In order to reserve your place in the class, we must receive, within the next two weeks, written notification of your intent to accept our invitation. Also, by May 15, 2002, we must receive a check, payable to the Tulane Educational Fund, in the amount of $500; this deposit will be credited against your first tuition billing. Please understand this deposit is non-refundable and should indicate your final decision to attend Tulane University School of Medicine. We ask that should you decide not to attend Tulane, you inform us in writing so that we can maintain an accurate accounting of our class.

I am sure you will understand that your appointment is contingent upon successful completion of the academic program in which you are currently enrolled, and maintenance of the level of academic performance that was part of the basis for your acceptance. A final transcript of your grades must be forwarded to this office as soon as your school year ends.

You will be receiving additional information concerning summer programs, combined-degree programs, and other topics of interest as the year progresses. I and others at the medical school will try to keep you well informed of all important or interesting topics.

On behalf of the students, faculty, and administration at Tulane, I bid you a most enthusiastic welcome. If I can be of service to you in any way, please feel free to call upon me.

Sincerely yours,

Joseph C. Pisano, Ph.D.
Associate Dean

The Oath of Hippocrates

I swear by Apollo, the physician, the Aesculapius, and Health and All-Heal, and by God and by whatever I hold most sacred, that according to my ability and judgment, I will keep this Oath and this stipulation – I will look upon those who shall have taught me this Art even as one of my parents. I will share my substance with them, and I will supply the necessities if they be in need. I will regard their offspring in the same footing as my own brethren, and I will teach this art, if they shall wish to learn it, without fee or covenant. I will impart a knowledge of the Art by precept, by lecture, and by every mode of teaching not only to my own children but to the children of those who have taught me, and to disciples bound by covenant and oath, according to the Law of Medicine, but to none other. The regimen I adopt shall be for the benefit of my patients according to my ability and judgment and I will abstain from whatever is deleterious and mischievous. I will seek to inform my patients fully about their illness and prognosis, and will always remember that the final decision regarding their own life rests with the patient. I will regard my patients always as fellow human beings and will do everything possible to preserve their dignity. With purity and holiness I will my life and practice my Art. Whatsoever things I see or hear concerning the life of men in my attendance, on the sick or even apart therefrom, which ought not to be noised abroad, I will keep silence thereon, counting such things to be sacred secrets. While I continue to keep this Oath unviolated, may it be granted to me to enjoy life and the practice of the Art, respected by all men, in all times. But should I trespass and violate this Oath, may the reverse be my lot.

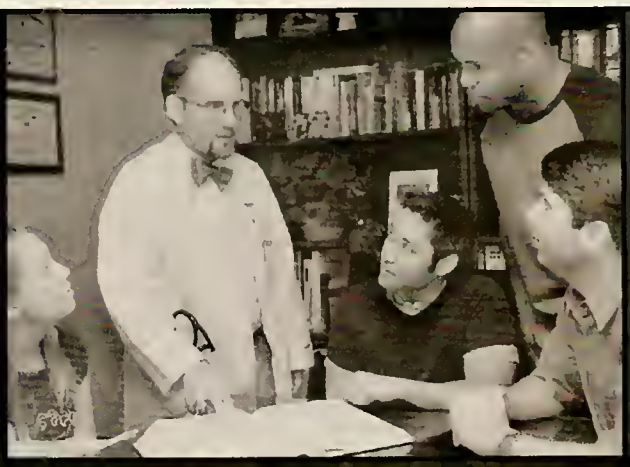
Our Class Sponsors
Dr. Marc Kahn & Dr. N. Kevin Krane



We are faced with many challenges through life, and during this past year we all have faced one of the most trying times of our lives. Though we have had many outstanding mentors throughout our medical training at Tulane, we feel Dr. Kahn and Dr. Krane have proven to be exemplary mentors and unwavering in keeping our best interests first and foremost.

We thank you both for your part in ensuring that Tulane School of Medicine will continue to be a viable academic institution for many years to come. It is no doubt that because of your leadership, dedication, and perseverance that we will be the 168th class to graduate as Tulanians and for this we are deeply indebted. Inevitably, we will be [illegible]ted throughout our careers as physicians and we hope th[illegible]ll prevail with the same integrity, poise, and optim[illegible]e demonstrated to us over this past year.

With deepest sincerity and gratitude,
Tulane School of Medicine Class of 2006

Within a single dream,
the journey of a lifetime is launched.
If you can dream it, you can become it.

Yet, becoming is but one success,
for the measure is not only the achievement...
it is in lessons learned, lives touched, and moments shared along the journey.

Congratulations on living your dream to become a Doctor, and living deeply in your journey. Your success is well earned. It is both the end and the beginning. Both of which are reason to celebrate!

We are so proud! We love you beyond measure!!
